 Phone (830) 629-2603 Fax (830) 629-2057

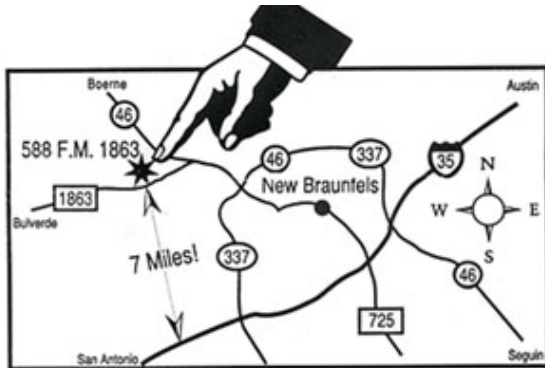

## Spring Has Sprung

Now is the time to see what we've done so far this year. The nursery is filling up with both plants and people. The good news about Schumacher's is spreading and we're seen lots of old friends and faces.

## Propagation Classes In March

Space available for classes on Saturdays at 10:00 AM in March.  
[Open PDF file attachment for more information.](#)

Classes are available for groups and can be scheduled by emailing Chip Schumacher @ [chip@hillcountrygardens.com](mailto:chip@hillcountrygardens.com)  
 We're excited to have both the Comal County Master Gardeners and Guadalupe County Master Gardeners this month!

## Trial Garden In Need Of Volunteers

Our trial garden is still suffering the damages of ice. We never find time to plant and maintain this most important part of The Nursery. Come in anytime between 12 Noon and 6 PM on Sunday March 25th . if you are interested in helping. Bring your garden gloves! Once cleaned up, we have an incredible choice of plants to try.

## What To Plant In Your Landscape

There are lots of details as what to plant where, but when it comes to what plants are good for this area, that's simple. All you need to do is get your plants at Schumacher's. We've been growing plant for almost 15 years and have had the constant feedback of our customers. We don't grow "fluff" or "trendy trash" plants. What's the point of growing pumped up and over watered and fed plants that even with lots of individual attention are doomed to struggle to the death with our difficult Hill Country growing conditions. That's not to say that we have everything or even a small part of what the world has to offer that's well adapted to our area. What plants we have we select and grow with the intention of providing proven plants for landscaping in The Texas Hill Country.

We don't have time to "baby" our plants and this has led to a few popular sayings:

"If it survives at Schumacher's it'll survive anywhere."

"We do our best to kill our plants, the ones we don't kill we sell."

## Landscape Plant Packages

Starting at \$100, Landscape Plant Packages carry a discount for volume purchasing to help you get bigger projects done. Details at The Nursery. We're excited to see 2007 shaping up to be our best year ever.

Visit our Website and see it grow at [www.hillcountrygardens.com](http://www.hillcountrygardens.com)
